MEMORANDUM FOR ALMAJCOM/CE USAFA/CE

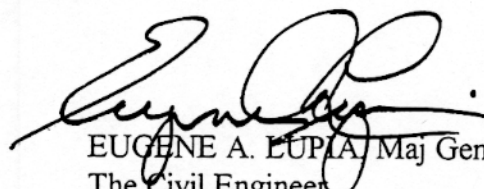

FROM: HQ USAF/ILE
1260 Air Force Pentagon
Washington, DC 20330-1260

SUBJECT: FOA Support to Outsourcing and Privatization (O&P)

As we look ahead to FY98, we see an increasing level of activity in outsourcing, utilities privatization and facility privatization. Concurrently, we have completed a review of AFCEE's roles and missions and the part they will play in O&P. To avoid duplicating expertise, we decided to split responsibilities for O&P support between AFCESA and AFCEE.

Starting immediately, AFCEE will provide all required support (contract or in-house) for family housing privatization. AFCESA, on the other hand, will provide support for outsourcing (e.g. A-76 cost comparisons) and utilities privatization. We believe this division of labor will allow each organization to provide the needed support with minimal requirement for development of new expertise. Our goal in each of these areas is to develop expert teams with on-call, in-house or contracted, financial, contracting, legal, and engineering expertise to fully support your outsourcing and privatization efforts.

HQ AF/ILEI remains your primary point of contact for O&P policy, direction, project review and approval. Your staff must clear its requests for O&P support through HQ AF/ILEI prior to contacting AFCESA or AFCEE. If your staff has any questions, please have them contact Col Joe Munter, AF/ILEI, DSN 227-9516.
